### To fill out your sleep diary:

- Write the day of the week and date in the first box (ex: Monday, 6/12).
- Write the type of day in the second box (ex: Work, School, Day Off, Vacation).
- Place an "X" in the box indicating the time you went to bed.
- Shade in the boxes indicating the hours you think you were asleep during the day and at night. Leave boxes unshaded to show when you were awake.
- Total the number of hours you estimate you slept during the day in the far right column.
- Indicate other relevant events during the day as follows:
  - Mark a letter "C" in the box to indicate the time(s) when you consumed caffeine.
  - Mark a letter "M" in the box to indicate the time(s) when you took any medication (prescribed or over-the-counter).
  - Mark a letter "A" in the box to indicate the time(s) when you consumed alcohol.
  - Mark a letter "E" in the box to indicate the time(s) when you exercised.

### My sleep target:

7-8 hours/day
